FAST RESCUE SOLUTIONS™

PRODUCT CATALOG
2022

FAST Rescue Solutions is dedicated to developing innovative products and training solutions that meet the constantly evolving challenges encountered by first responders. Our mission is to develop products and training that surpass currently accepted industry standards and that meet the operational challenges of the real world.

Our team of Subject Matter Experts bring over a century of combined experience in firefighting, RIT, technical rescue, law enforcement (including SWAT, Mobile Field Force, and bike patrol), and training Military Units.

Our vision is to revolutionize rescue and save lives!

FAST Board Lighted System

When seconds count, the need to pinpoint your cadre, your patients, and your equipment is obvious. With the addition of our new lighted system the FAST Board becomes a beacon for rescuers engaged in "*Saving Our Own, FAST.*"

This fully integrated system features internally mounted white LED lighting and a rechargeable battery pack which provides approximately 1.5 hours of illumination.

Board available in Orange, Sand
Limited Edition colors available while supplies last - see our website for details.

*The FAST Board Lighted System may be purchased along with, or retro-fitted to any existing FAST Board (contact us for retro-fit details).

Available in Orange and Black

Please contact sales@fastrescuesolutions to place an order or receive a quote
www.FASTRescueSolutions.com

Accessories

FAST Throw Bag

Affixes to the FAST Board and is a great accessory for water and ice rescue. NFPA with 50' 10mm grabline.
Bag dimensions: 10"x6"x6"

ARS Multi-Loop Strap and RDB

The MLS is designed with a series of sewn loops in 1" tubular webbing which can be used in several configurations. Uses include quick handcuff application, drag strap for victim rescue, utility drag strap with the FAST Rescue Board. The Rapid Deployment Bag stores flat and utilizes a magnetic closure to help minimize dirt, debris, and contaminants from entering its storage pouch. The magnetic closure also enables the user to fully deploy their MLS with one quick pull.
MLS available in Fluorescent Yellow, Black, Red, OD Green

Bleed Control Kit

Contained in a nylon carry bag that easily and quickly affixes to the FAST Board, this life-saving kit provides intuitive and easy-to-use tools that are proven to help to save lives.
Available in Basic, Intermediate, Advanced
Bag Dimensions: 7"x5½x3"

Combat Application Tourniquet (C-A-T®)

Quickly and easily affixes to the FAST Board. A true one-handed tourniquet proven to be 100% effective by the U.S. Army's Institute of Surgical Research. Tests proved that the C-A-T® completely occluded blood flow of an extremity in the event of a traumatic wound with significant hemorrhage.
Available in Rescue Orange, Tactical Black, Trainer Blue
